

Take a look at our project highlights

During the latter half of 2020 the SECLI-FIRM project team has shared [preliminary results at conferences](#) and in collaborative webinars. We also rose to the challenge of virtual delivery for our 4th Stakeholder Workshop. Our thanks and best wishes to the many participants, presenters and project partners and stakeholders who joined us.

As we enter the final year of our project, SECLI-FIRM concludes in October 2021, we will strive to use the most apt online engagements to share our results with you.

Our latest activities and developments include:

HYDROPOWER WEBINAR FEATURING CLARA PROJECT

We hosted our [3rd project webinar](#) with a focus on how climate information is used in practice to turn climate science into solutions for the hydropower sector, with presentations from EU Horizon 2020 projects. Links to the presentations and recording [here](#).

TEAL:CLIMATE & ENERGY DATA TOOL

SECLI-FIRM project partner WEMC has just launched a new FREE and easy-to-use global historical climate and energy data tool; [Teal](#). Teal is also contributing to the development of a climate services tool to inform management decisions in our project. Try it at tealtool.earth

4th STAKEHOLDER WORKSHOP

We took the science and economic discussions online for our 4th Stakeholder Workshop this summer with two distinct virtual sessions.

CLIMATEUROPE COLLABORATION

We were delighted to collaborate with Climateurope and host a free 'Climate Thursdays' webinar, exploring innovative climate services for the Energy Industry being developed by EU projects in the autumn. Enjoy the recording [here](#)

PROJECT PARTNER 5TH ANNIVERSARY

Happy 5th Anniversary to SECLI-FIRM project partner, WEMC. The team are celebrating five productive years in the fields of weather and climate for the energy transition. [Find out more](#)

Get in touch to find out more or share opportunities for us to communicate project learnings

The SECLI-FIRM project has received funding from the European Union's Horizon 2020 Research and Innovation Program under Grant Agreement 776868.
